 - Assisting with network administration tasks.
-

LEADERSHIP AND PROJECTS

Website development project “FilmSync”

02/2021 – In Progress

- Leading a team of 6 students in developing a synchronized movie-watching WEB platform.
- Besides being a project manager, I also developed a big part of the platform’s front-end as well.
- Code: <https://github.com/Deniskviatkovskij/FilmSync>
- Live demo: <http://filmsync-env.eba-bgarfwfj.eu-west-3.elasticbeanstalk.com/index.html>

Things learned and challenges faced as a project manager for this project:

- Had the challenge to influence without authority.
- Created timetables.
- Managed priorities.
- Implemented agile (scrum) methodology.
- Created a Kanban board.
- Managed tasks according to team member’s strengths.
- Created a Gantt chart.
- Made flexible decisions.

Make-up artist’s website project “Cleopatra Glam”

04/2021 – In Progress

- Design and develop a fluid and responsive website for a make-up artist.
- Code: <https://github.com/Deniskviatkovskij/Make-up-page>
- Live demo: <https://deniskviatkovskij.github.io/Cleopatra-glam/>
